The Leadership Alliance National Symposium
**July 26–28, 2019**

The Leadership Alliance National Symposium (LANS) is the culmination of the summer research experience for SR-EIP participants. Students make oral presentations or present posters about their summer research projects to a national audience of peers, faculty and representatives from the public and private sectors. Speakers, workshops and panel discussions foster a sense of community while providing practical information about graduate school and career opportunities.

**SR-EIP Summer Research Early Identification Program**
A research experience designed for undergraduates interested in applying to PhD or MD-PhD programs.

The Summer Research – Early Identification Program (SR-EIP)

The SR-EIP is a rigorous summer research experience designed specifically for undergraduates interested in applying to PhD or MD-PhD programs. SR-EIP participants conduct scholarly research at one of the 22 Leadership Alliance member institutions listed in the “Research Sites” section of this brochure. Students work for eight to ten weeks under the guidance of a research mentor, thereby gaining theoretical knowledge and practical training in academic research and scientific experimentation. Students participate in research seminars and professional development activities throughout the program, culminating in the Leadership Alliance National Symposium, at which all participants make oral or poster presentations on their summer research project. All students receive a stipend. Host institutions cover the cost of travel and housing. Students can apply to up to three of our research sites through our common application. Students should refer to each institution’s website for specific information on research opportunities and program requirements before submitting their application. The SR-EIP has expanded opportunities for students in all fields, and for first-year students at our minority-serving partner institutions. Read more below.

SR–EIP Opportunities

In the Humanities and Social Sciences

The Leadership Alliance Mellon Initiative (LAMI), funded by the Andrew W. Mellon Foundation, supports SR-EIP students who are interested in pursuing doctoral-level training in the humanities and social sciences through research opportunities at the University of Chicago, University of Pennsylvania, University of Virginia, and Brown, Columbia, Harvard, New York, Stanford, and Yale Universities. Participants work closely with faculty and a cohort of LAMI scholars throughout the summer.

For First-Year Students

The First-Year Research Experience (FYRE) program welcomes first-year undergraduates enrolled at Leadership Alliance minority-serving institutions and introduces them to research early in their college careers. Coordinators and faculty within the Alliance collaborate in developing a closely mentored, research-intensive project designed to cultivate research skills in promising young researchers. Faculty and administrators at Leadership Alliance minority-serving institutions select candidates and advise the students in completing the FYRE application, due February 15, 2019.

Since 1992, the Leadership Alliance has fostered research careers in the academic, public and private sectors for students from groups traditionally underrepresented in the sciences, engineering, social sciences, and humanities. The SR-EIP is a gateway to ongoing resources, mentoring, and professional networks to support all participants along their chosen career path. Leadership Alliance programs do not discriminate on the basis of race, color, sex, age, religion, national and ethnic origin, disability, veteran status, socioeconomic background, sexual orientation, and gender identity or expression.

Eligibility Requirements

Applicants must currently be enrolled full-time in an accredited public or private college or university in the U.S. or its territories, as recognized by the U.S. Department of Education. All applicants must:

1. Be in good academic standing with a GPA of 3.0 or better
2. Demonstrate a committed interest to pursue graduate study toward a PhD or MD-PhD
3. Have completed at least two semesters and have at least one semester remaining of their undergraduate education by the start of the summer program
4. Be a U.S. citizen or have permanent resident status at the time of application

Note: The SR-EIP is not designed for students pursuing professional training for careers in the practice of law, business administration, clinical medicine, clinical psychology or the allied health professions.

How to Apply

Interested students must complete the SR-EIP Online Application available at www.theleadershipalliance.org. The application deadline is February 1, 2019.

The application requires:
1. Biographical and academic information
2. Current resume information
3. Statement of purpose
4. Two letters of recommendation
5. Transcripts

It is the responsibility of the applicant to ensure that the entire application is received by February 1.
